

WEATHER FORECAST

A Cool Wave Coming

But you'll hardly notice it, unless you come in and get fitted out in a tropical weight suit.

They seem to make the sun less hot, they lower the temperature several degrees and they lessen the burden of sweltering weather.

FOUNDRY EMPLOYE HAS HIS ARM TORN OFF BY MACHINERY BELT

Sam Bennett, 2625 East Boulevard, who runs a lathe at the El Paso foundry in East El Paso, lost his right arm this morning when his hand was caught by the belt driving the machine at which he was working. His hand and arm were pulled under the pulley and the arm torn off just below the shoulder, which was bruised and mangled.

Bennett was removed to his home and afterwards taken to Providence hospital. The arm was amputated and dressed just below the shoulder. Dr. William H. Pickles and Dr. Irving McNeil, the foundry physician, being in attendance.

Bennett's chances are stated to be good for recovery. He has a wife and three children.

DAMAGE ABOUT QUANAH AND VICINITY IS HEAVY FROM WATER AND WIND

Quanah, Texas, June 8.—Special inquiries by long distance telephone this morning resulted in securing more definite reports of storm damage in the lower portions of Hardman, Cottle and Motley counties, which are to the effect that the whole front of the Goodlet building was smashed and all four walls of the Woods drygoods concern were wrecked at Paducah. The damage was several thousand dollars. Minor damage was caused in the residence section.

The bridge at Swearingen was destroyed because a great volume of water broke the south side of a new dam west of that place. The north side of the dam stood but it is flooded today and further damage is feared. There was very little rain in Paducah, the damage being the result of high winds.

In the vicinity of Swearingen, the flood was the result of cloudburst. Lightning struck a farm house across the Hardman line in Cottle county, seriously injuring three. They are still alive with small hope of recovery. Definite reports are not to be had from Ford county, which is isolated.

The damage in Quanah was confined to smashing out houses and the interruption of telephone service.

Washouts are reported along the Fort Worth & Denver but were promptly repaired and no delay was caused.

ACCUSED OF ATTACKING PALOMAS CUSTOM HOUSE 2 YEARS AGO, RELEASED

After being incarcerated in the Juarez jail since September, 1908, German Vargas, Porfirio Uranga, Jesus Martinez and Andres C. Telles, were released from custody Tuesday by order of the federal court.

The technical charge against them was conspiracy against the government, but they were alleged to have robbed the custom house at Las Palomas, Chihuahua, near the Sonora dividing line. A robbery occurred in June, 1908, and a customs inspector was killed. This was attendant to the "uprising" of that year along the border.

The case was brought to trial but there was not sufficient evidence to warrant the holding of the men. Orders for their release were consequently made out and the quartet allowed to go free. They had been incarcerated just one year and nine months.

Ladies, Why Not Preserve Your Youth and Beauty?

Nothing so detracts from the attractiveness of women as dull, faded, lustreless hair.

There is no excuse for this condition nowadays, because notice is hereby given to the readers of The Herald that Parisian Sage, the quick acting hair restorer, is now on sale in El Paso at the drug store of Kelly & Pollard and is sold with a rigid guarantee at 50 cents a large bottle.

Since its introduction into America, Parisian Sage has had an immense sale, and here are the reasons:

It cures dandruff in two weeks, by killing the dandruff germ.

It stops falling hair.

It promptly stops itching of the scalp.

It makes the hair soft, glossy and luxuriant.

It gives life and beauty to the hair.

It is not sticky or greasy.

It is the daintiest perfumed hair tonic made.

It is the best, the most pleasant and invigorating hair dressing made.

Fight shy of the druggist who offers you a substitute, he is unworthy of your confidence.

Made only in America by Giroux Mfg. Co., Buffalo, N. Y. The girl with the Auburn hair is on every package.

FALLS 52 FEET AND IS ALIVE

Painter Suffers Bruises and Hurts, But Will Soon Be Out.

While painting the smokestack of the El Paso Gas and Electric company at Third and Chihuahua streets, L. A. Allen lost his balance and fell 52 feet to the ground, sustaining serious but not dangerous injuries Tuesday afternoon about 4:30. On his way to the ground he grasped a guy wire, which broke his fall so that he did not hit the ground with any great force, dropping only 20 feet from the wire to the ground.

County health officer Hugh S. White found that the man had broken one rib, sprained his right wrist and had a slight cut on the chin. The hand with which he had grasped the wire in breaking his fall was cut deeply in the palm.

He was removed to his home at the corner of South Kansas and First streets and will be out in a few days.

ARRESTED ON CHARGE OF FLOURISHING A PISTOL

J. W. Hicks was arrested by the police on Durango street late Tuesday afternoon and later transferred to the county jail on a charge of carrying a pistol. According to the police, complaint was made that he had been flourishing a weapon and threatening to shoot things up in the neighborhood of where Antonio Cortez was standing.

EL PASO CASE OF APPEAL

San Antonio, Texas, June 8.—In the fourth court of civil appeals in the case of Richard Caples vs. Port Huron Engine and Thresher company, from El Paso, the motion for additional authorities was granted.

Chamberlain's Cough Remedy is sold on a guarantee that if you are not satisfied after using two-thirds of a bottle according to directions, your money will be refunded. It is up to you to try. Sold by all dealers.

DEDICATION FOR JUAREZ NEW CHURCH

Sacred Heart Ceremonies
Thursday—Cathedral
Guadalupe Loses Prestige.

Dedication services for the new Sacred Heart Catholic church in Juarez will be held Thursday and the ceremonies will be conducted by the Right Rev. P. Gavilan of Chihuahua.

The services will begin promptly at 7:30 a. m. Bishop Gavilan first pronouncing the blessing, then following with a celebration of the solemn, pontifical high mass. All of El Paso's Catholic clergy will be in attendance, and will assist at the services. Special music will also be rendered.

The new church will be under the supervision of Father Pinto, in charge of the Cathedral Guadalupe. Owing to the overcrowded condition of the cathedral, the erection of the church of the Sacred Heart was begun a year ago and was but recently finished. Father Pinto will conduct the services at the cathedral as usual, while an assistant will be appointed by the bishop to officiate at the Sacred Heart.

Old Church Loses Prestige.

The Cathedral Guadalupe, which will lose about half of its congregation as the result of the consecration of the new edifice, is over 200 years old. It was built by the Franciscan friars when they first came to this section of the country. The building, however, repaired from time to time, gives the casual observer no idea of its age. As the settlement established at Juarez by the friars grew and came to be known as a great commercial and agricultural center, the edifice grew too small to accommodate the congregation. For years a new church has been needed but only 12 months ago did the people see their way clear to begin the erection of one to relieve the stress and enable everyone to attend worship.

PIONEERS SECURE LARGE QUARTERS

Will Display El Paso Relics in Chamber of Commerce Basement.

The temporary home of the Pioneers' association will be in the basement of the chamber of commerce. This was decided at a meeting of the association Tuesday evening in the city hall. The suggestion that a permanent house be erected near Hart's mill, at the head of the pass, was discussed by the pioneers present, but as the offer of Juan S. Hart was not made at the meeting this plan was abandoned for the present and the offer of the chamber of commerce to give the Pioneers the use of the large basement in the chamber of commerce building was accepted. The relics and pictures of early El Paso will be collected and placed on exhibition there, where it will be possible for visitors to inspect them.

Later it is the plan of the association to erect a permanent building where these relics may be displayed to a better advantage. Capt. Hart stated at the meeting that he expected to be able to offer the association an acre of ground near Hart's mill upon which the house could be erected. He also tendered the use of the old Hart mill as a place where the relics could be shown as long as he lived.

This offer was received with applause but it was decided to accept the offer of the chamber of commerce and a committee composed of L. G. Gaal, J. J. Mundy and E. Krause was appointed to complete arrangements for quarters.

Coax your appetite by eating one of those juicy steaks from the Melvin Meat Co.

AMERICAN THREATENS TO BLOW UP FORT

Bluefields, N. C., June 8.—"At the first shot fired against the American flag of an American vessel, I will level the bluff."

This is the reply made by commandant of the American gunboat Dubuque, to a threat made by Gen. Rivas of the Madrid forces holding Bluefields harbor, to stop any vessel entering the harbor.

Y. M. C. A. WILL HELP CELEBRATE JULY 4.

Judge F. E. Hunter has appointed H. L. Mitchell, physical director of the Y. M. C. A., as the subcommittee of the amusement committee for the Fourth of July celebration. Mr. Mitchell will have charge of the athletic events, which will be held at Washington Park on the afternoon of the Fourth and will also arrange a number of novel stunts for the boys of the city.

SELLS FIRM MACHINES FOR USE AT ALPINE

Edgar D. Park, general sales manager of the Texas Fiber Machine Manufacturing company, returned Wednesday from a business trip to Alpine, Tex., where he sold a consignment of machines. Mr. Park is greatly enthused over the commercial possibilities of the soap-weed, of which there are thousands of acres, and is now at work upon a proposition which will in time be of considerable interest to the commercial world.
